Re: December 4, 2002 Contribution (FEC Campaign ID #: C00032797)

Dear Sir:

It has been brought to our attention by the Federal Election Commission that our contribution dated December 4, 2002, from the National Good Government Fund, was not valid under current campaign laws. In that contribution we classified the contribution as a debt retirement for the 2002 election, however as you are probably aware, there was no debt to retire. Unfortunately, we were not informed of this error until after the sixty day period where we could file an amended return, therefore we must request a refund for the above contribution.

We will be happy to send your campaign a contribution for the Primary Election Campaign of 2004 once the refund is received, in compliance with Federal Election Commission regulations. We apologize for any inconvenience which this may cause you and your office and appreciate your consideration on this matter.

Sincerely,

Scott Davis
